

# Chief Medical Officer

ReGenesis Health Care – United States

Job Type: Full-Time

---

## Summary of Job Scope:

The CMO will report to the CEO. The CMO will provide leadership in all areas relating to clinical operation of ReGenesis Health Care, Inc. The CMO is responsible for recommending and implementing clinical policies and procedures; supervising the providers and other clinically related staff in their medical, dental, chiropractic, pharmaceutical, behavioral health, nursing, and administrative duties; ensuring the continuous quality improvement program is administered in all clinical activities; and participating as an integral part of the executive leadership team. The CMO will serve as a representative for the organization as it pertains to fostering partnerships throughout the communities that we serve and will collaborate with other medical professionals within the medical community.

## Job Description:

- Directs the clinical programs of the organization according to the guidelines established for all staff physicians and mid-levels or similar training and board certification.
  - Supervises the performance improvement activities of the health center that relate to the clinical program, to include the clinical care measures.
  - Supervises the clinical staff and allocates resources in order to carry out the health care program of ReGenesis Health Care, Inc.
  - Collaborates with the CEO, CFO, COO, CHRO and Corporate Compliance Officer as an integral part of the executive team. Also provides leadership and mentorship to the Senior Clinical Director.
  - Has direct supervision of the Senior Clinical Director, Director of Dental Services, Director of Behavioral Health, Director of Pediatrics, Director of Addiction Medicine, Director of Pharmacy, Director of Agricultural Programs and the Staff Physicians.
  - Sets priorities and makes decisions on critical health care programs, partnerships and issues.
- 

## Qualifications:

**Education-** Graduate of an accredited medical school with a degree of Doctor of Medicine or Osteopathy; completion of an approved residency program in internal medicine, family practice, or pediatrics, MED / PEDS.
